Jim Oddo : Epic Exotic Payouts How to Bet the Key Horse before purchasing it in order to gage whether or not it would be worth my time, and all praised Epic Exotic Payouts How to Bet the Key Horse:

0 of 0 people found the following review helpful. Don't BotherBy J. SteinThe only thing good about this book is the name, that's what sucked me in. There is absolutely no info in here that is useful to an experienced horseplayer. Anything in it can be found in a beginners guide pamphlet at the track or online. Don't waste your money.0 of 0 people

found the following review helpful. Very limited amount of information
By Steven Dewald
There are a few useful suggestions. However the book is very short. I had hoped for some more information to study.

This book will explain an unique way of horse racing betting. I have been horse racing handicapping and gambling on horses for over 26 years. Over this time, I have made every mistake there is. I have tried every single type of horse racing money management system known to man. I did not become a consistent winner until I realized that I better quit worrying about how much I was winning and started concentrating on how little I could lose. You can bet every horse to win in every race, have a 100% win record, while going broke. This book is not about handicapping the key horse, but I will give you hints. This book is more about how to play the key selection. Handicapping is important, but not most important. The key to success is learning how to set up your plays. The key to gambling is learning the proper amounts to start each bet with and the follow up amounts after a win or a loss. There are many sources out there for picks. I suggest you do your own selections and apply the betting methods, including some type of money management. I enjoy many epic payoffs using the horse racing system described in this book. I am sure there are other ways of betting, but this is what works for me. Getting control of your losses is the key to successful gambling. Sit back, kick up your feet and enjoy this wild ride!
