Leonardo Sciascia : Equal danger before purchasing it in order to gage whether or not it would be worth my time, and all praised Equal danger:

District Attorney Varga is shot dead. Then Judge Sanza is killed. Then Judge Azar. Are these random murders, or part of a conspiracy? Inspector Rogas thinks he might know, but as soon as he makes progress he is transferred and encouraged to pin the crimes on the Left. And yet how committed are the cynical, fashionable, comfortable revolutionaries to revolution or anything? Who is doing what to whom? Equal Danger is set in an imaginary country, one that seems all too real. It is the most extreme and gripping depiction of the politics of paranoia by Leonardo Sciascia, master of the metaphysical detective novel.
