Very HelpfulBy Lucy HarrisFor us people that can use help sometimes (or get frustrated easily) this is the perfect book. The first chapter is the introduction. Followed by a story of what has happened in the other games.Then a chapter of all the characters. After that, there's the Hint section. In this section you get just a little bit of help. Then there's a chapter called Maps, Charts and Other Aids to Navigation. After that, my favorite chapter. The complete Walkthrough. Followed by a list of inventory items and their uses. And last but not least, there's a small chapter of art. The Background chapter is quite interesting to read. And the Character chapter is interesting to. The hints section is perfect for those who don't want to totally give the game away. And the walkthrough is perfect for people like me. (Those who like the easy way of playing the game). This is a great book to

have.

Escape from Monkey Island is the rollicking fourth installment of the popular Monkey Island game series. Fans familiar with the side-splitting humor and outrageous characters that highlighted the first three Monkey Island games will find more of the same in Escape from Monkey Island. With game features that include punning pirates, vegetarian cannibals, and guys with names like Snugglecakes, LucasArts manages to successfully integrate humor with a compelling storyline. Escape from Monkey Island: Prima's Official Strategy Guide will give you all the inside tips and hints you need to pillage your way to victory, including: Complete and clever walkthroughs All fanciful character information Helpful hints you can sink your hooks into Piratery puzzle solutions Complete Booty and Inventory lists
