**Michael Allen, Robert Gillespie, Pamela Tellejohn Hayes : Essential Elements for Strings - Book 1 with EEi: Violin** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Essential Elements for Strings - Book 1 with EEi: Violin:

0 of 0 people found the following review helpful. My daughter's violin teacher says this is her favorite book to teach from. By Customer My daughter's violin teacher says this is her favorite book to teach from. I am so excited that my daughter will be learning to play the violin. So far, she says the lessons are easy to understand, and my daughter feels like she is really learning and having fun. 0 of 0 people found the following review helpful. Review of Essen. Elements

2000 for strings By StudentBern Essential Elements 2000 is a good handbook Essential Elements 2000 for Strings, Book 1, Disc 1 for a beginning violinist or one coming back to the instrument, who is not an accomplished musician, after a lengthy layoff. This would be particularly good for the returnee who did not pay close attention initially to his/her teacher on the basic elements before a note was originally sounded. Read and follow every page of instruction and the user may find themselves saying, "I didn't remember that," quite often. That was my reaction as I found that I was not as smart as I once thought I was. I think the investment is good, though the volume is a rudimentary approach to making music with the instrument. Once having purchased this item, have a positive approach to the basics it drills into you and don't let yourself be bored or indifferent to the lessons it conveys. Once the practice drills sound like the real music as it was written, think about using a one-on-one teacher whom you will impress with your basics knowledge and who can easily help you, then, improve your technique. See ya' in Carnegie Hall! 0 of 0 people found the following review helpful. Arrived quickly and was packaged good. By Debra Moffitt bought it for my daughter who is starting to learn violin. It was the one the teacher wanted. Arrived quickly and was packaged good.

(Essential Elements for Strings). (Essential Elements for Strings and Essential Elements Interactive are fully compatible with Essential Elements 2000 for Strings) Essential Elements for Strings offers beginning students sound pedagogy and engaging music, all carefully paced to successfully start young players on their musical journey. EE features both familiar songs and specially designed exercises, created and arranged for the classroom in a unison-learning environment, as well as instrument-specific exercises to focus each student on the unique characteristics of their own instrument. EE provides both teachers and students with a wealth of materials to develop total musicianship, even at the beginning stages. Books 1 and 2 also include access to Essential Elements Interactive (EEi), the ultimate online music education resource - anywhere, anytime, and on any device.
