I took a few violin lessons but I am basically having to teach myself. Easy to follow and the CD is great! If you are new to the violin, get a book with a CD. I'm still on book #1 and have been for the past 2 months. I finally busted out the CD and wow, why didn't I do it sooner! So helpful to hear the music and then play along and alone. Helps a lot and you really start to learn how to train your ear. I would highly recommend this book and #1 and 3 in the series. 0 of 0 people found the following review helpful. We are satisfied. By Jess (Mom of 3) My daughter plays the violin in her middle school orchestra. She takes one lesson per week and this is the required book

for those lessons. This is a basic book that she finds easy to learn from. She does use the CD that came along with the book and it is nice for her to be able to follow along. I am not a violin teacher or player so I really can't offer any kind of expert opinion. 0 of 0 people found the following review helpful.
