The songwriter's dictionary has over 36,000 words to help any aspiring songwriter or music student find the perfect words for their lyrics | File size: 44.Mb

Kevin M. Mitchell : Essential Songwriter's Rhyming Dictionary: Pocket Size Book before purchasing it in order to gauge whether or not it would be worth my time, and all praised Essential Songwriter's Rhyming Dictionary: Pocket Size Book:

4 of 4 people found the following review helpful. More up to date than most...By eddie I own several rhyming

dictionaries. This one seems better than most of the others for several reasons. It's slim line, with a binding that helps it lie flatter. The words are more modern than most other books for today's writers. I would recommend it more than most of the other books because it seems to help you work toward more modern, and up to date in your song writing. 0 of 0 people found the following review helpful. OkBy BuffetteerPretty good, and found several good rhymes, but beware there are many words missing. Obviously it is to be expected that it would not possibly have every word in this small of a book. Just as an example, I was trying to write a religious song and there was no listing for rhymes with "salvation". So I thought of many rhyming words on my own but wanted more, and none of these were in there either (temptation, salvation, foundation, celebration, etc). Internet search is more complete, but it is handy to have this book at your fingertips if your word is in there. 1 of 1 people found the following review helpful. I wish it was searchableBy J.C.S.not searchable, so you spend more time going back and forth to find rhymes...it is a good help for song planning if you don't have another option, and it is convenient to have it on my kindle, which is the only thing I take on flights.

Acclaimed by the New York Times as "part muse, part quick reference," this pocket-sized dictionary is an easy-to-use tool geared specifically toward the contemporary songwriter. A concise collection of the most-often used words in popular music, the simple format allows for fast reference, while the 15,000 entries provide more than ample rhyming options.
