Alexander Pushkin : Eugene Onegin: A Novel in Verse before purchasing it in order to gauge whether or not it would be worth my time, and all praised Eugene Onegin: A Novel in Verse:

3 of 4 people found the following review helpful. Terrific translation of a great novel-in-verseBy La gomme del PonteSuperb verse-translation by a very fine poet--witty, touching but dry-eyed, almost seamless. Quite different from Nabokov's famous version, but very, very fine, indeed, and almost compulsively readable. Probably the best translation for use by the non-specialist reader.0 of 1 people found the following review helpful. Great copyBy JOY BROSANThis book arrived timely in excellent condition. I am looking forward to reading it as i have seen the ballet and love the story.1 of 2 people found the following review helpful. A true classicBy John T CI read this book after watching a movie on the story. One thing for sure is that James Falen did a perfect job on the translation of EUGENE ONEGIN. Much of the Russian nature of glows in this English translation, brining out the humor, wittiness, emotions, grief, sadness and vitality of the original story, which mirrored the Russian society at the time Pushkin lived.The lessons from the story are strong. Never fight against somebody who is not out to hurt you even if you feel he hurt your pride. That was the case between Eugene and his friend and neighbor Vladimir Lensky, which ends tragically over a nonexistent rivalry over Olga Larin: Another lesson is to appreciate the genuine and selfless love of others for, especially when we are lost in life. That was the case of Olga's sister Tatiana, whom Eugene initially rejects, only to fall in love with her later at a time when she had lost faith in him and had committed herself to a man she did not love but respected. Pushkin himself could be seen in the writing. The loss of what we did not know we loved is the overriding theme in this book. In this direction, there are many lessons to learn from Russia .We can see that in

UNION MOUJIK, WAR AND PEACE.I enjoyed reading this book, so if you are undecided about reading it, pick it up and do yourself a favor by knowing about this great work of art.
