My kids are crazy about these stories. It's totally changed our drives in the van. From fighting and bickering to quiet excitement. We were only listening to them in the car but my kids had to have more so now they each listen to the stories at night as well. It's in place of their bedtime music. They'll listen to them over and over. What parent could say no to these positive stories? My kids are 14,13,11, 8, and 8. We've been listening to these for almost 2 years now. 0 of 0 people found the following review helpful. We have several episodes, and they are all great.

Whether new to the show or longtime fans, listeners won't be disappointed by these 12 action-packed episodes. The Present Long Ago is one of many stories that feature kids in Odyssey learning important lessons, while seven episodes star Eugene including his exciting re-introduction. In that three-part show, Whit breaks the shocking news: Eugene has amnesia, a loss of memory with no viable cure. Connie, Tom, and Bernard will stop at nothing to help their friend, including a risky experiment. It's an adventure over 17 years in the making: Eugene Returns! Also available in two
