Antoine Alary : Even More Extreme Sudoku: Even more of the toughest Sudoku puzzles known to man. before purchasing it in order to gage whether or not it would be worth my time, and all praised Even More Extreme Sudoku: Even more of the toughest Sudoku puzzles known to man.:

0 of 0 people found the following review helpful. Perpetually hooked on Antoine's SudokuBy K. YoshiwaraI have purchased this set of Sudoku books several times. I just cannot seems to be without them and I fervently wish Antoine

would publish more. I have tried many 'black belt', 'most diabolical', 'most challenging' Sudoku puzzles and found them WAY too easy and not at all challenging. I find that with Antoine's puzzles, I have to discipline myself to not skip over to the next 'easy' one. I also find that I need to discipline my pace so that I do not run out of book too soon. I love this book for the kind of concentrated contemplation it gives me. Luckily there are three editions. When I run out of puzzles, I will probably buy them again. 0 of 0 people found the following review helpful. For the Sudoku lover in your life By lucky louie My husband normally does 4 sudokus a day and finds all Sudokus much too easy so I thought here would be some that would take him awhile. He said more than half of them were really challenging and it took him 3 months to finish the book. 0 of 0 people found the following review helpful. Five Stars By olson arrived quickly and is a great book

"Even More Extreme Sudoku" which is the third volume in the "Extreme Sudoku" series, contains 200 new puzzles of the same extremely high difficulty level for which the series has now come to be known and which has provided so many hours of pleasure to the die-hard Sudoku experts in search of the ultimate Sudoku challenges.
