Marc Lemezma : Every Magic Secret in the World Revealed before purchasing it in order to gage whether or not it would be worth my time, and all praised Every Magic Secret in the World Revealed:

0 of 0 people found the following review helpful. Three StarsBy Renald E. ParcesepeNot EVERY magic secret is revealed.7 of 8 people found the following review helpful. Every Magic Trick? You've got to be kidding!By D. MCGUETHis book explains only a few tricks, mostly do-it-yourself tricks with cards, coins, rope and cups. I was expecting a book to explain some of the tricks shown on stage by professionals, but there were none of those. I buy from .com often, but this was the first book I've ever returned after looking thru it for only a few minutes. Very disappointing!2 of 2 people found the following review helpful. A Great GroundingBy James KI have been performing magic for 20 years and I wanted a book to help get my young son started.This is perfect stuff that is all easy to understand and well illustrated. Great for any kid or young adult who wants to learn the basics properly.

Magic is more than just hocus-pocus! Successfully performing magic tricks is a matter of two things--knowledge and practice. While the practice time is up to you, here's the knowledge every aspiring magician needs. Most tricks are

derivations of nine basic effects which can be combined to create illusions of astonishing depth. Learn these closely guarded tricks of the magician's trade, and anyone can fool friends, amaze family, and frighten strangers. Hundreds of color illustrations reveal how to perform fantastic tricks, from simple disappearances to transporting and transforming everyday items--and even levitating! With this know-how, future magicians can embark on a lifetime of magical fun.
