**Lantern Books : Fallout 4 - Settlement Guide and Blueprints** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fallout 4 - Settlement Guide and Blueprints:

44 of 45 people found the following review helpful. Stay ClearBy LarryVery poorly written and put together. The font size is at least 20 pts and pictures that show only action shots fill up over half of the book. The information is useless and is nothing you haven't figured out after and hour of playing. Definitely not worth the price.15 of 15 people found the following review helpful. Between the vague descriptions and lack of anything really useful, this book also has a few minor/major proofread ...By CustomerBetween the vague descriptions and lack of anything really useful, this

book also has a few minor/major proofread errors. It also contains images that aren't from the game it is intended for, which is very unnecessary, considering the fact the book is titled "Settlement guide and blueprints" the official book VDSG does a much better job in explaining things. It only contains a single paragraph per settlement, which is not at all helpful. There are no maps, and little direction to this book. 1/105 of 5 people found the following review helpful. Lazy... Lazy never changes...By Bryan Fields'Lazy' might seem a strong word here, but in this case, I don't know what else to use. I'll give just one example: the author refers to one of the major NPCs, Sturges, as 'Sturge', at least three times. It's an obvious error, it's easy to fix, and it was left in. Lazy.This is a poorly edited and barely proofread collection of information available free on Fallout fan sites. The title is misleading, as there are no actual blueprints, only some screen shots and links to YouTube videos made by other people. It does have some basic tips on settlement construction, but when I see the word "blueprints", I expect actual diagrams - sample buildings, floor plans, something like that. Nothing of that sort was included.Save your money.

Fallout 4 - Settlement Guide and Blueprints is filled with top of the line building tips, tricks, and secrets to help you create the most creative and epic settlements out there!
