**Joel Durham Jr. : Fear Effect (Prima's Official Strategy Guide)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fear Effect (Prima's Official Strategy Guide):

Fear Effect was and still is a great experience. The first time I played it, I was stuck for some reason on this stage that I can not seem to remember, and I didn't bought the guide back them. But now, things are different, I have the guide, and with it I'm having the time of My life. For all of you who missed it the first time, it's worth a second look, and buy the guide as a companion, because the game is as complex as it is good.0 of 0 people found the following review helpful. really happy with this order great buy thanks.By michael cheslockThis book was very nice and shipped fast to really happy with this buy.0 of 0 people found the following review helpful.
