TuckerJust a note to everybody who will buy this score - IT IS A POCKET SCORE!! I REALLY wish they would have said that in the description or somewhere. The only source where you would find that information is under 'product dimensions', where it said '7 x 4.9 x 0.2 INCHES?!' I paid 14 stinkin bucks for this thing! And the pages were

all coming apart; I had to re-tape the first 10 pages twice and re-staple it after the THIRD time it fell apart. Overall, it was not worth it. Be careful what you buy and who you buy it from. But man, I love this piece.

A group of resourceful kids start "solution-seekers.com," a website where "cybervisitors" can get answers to questions that trouble them. But when one questioner asks the true meaning of Christmas, the kids seek to unravel the mystery by journeying back through the prophecies of the Old Testament. What they find is a series of "S" words that reveal a "spectacular story!" With creative characters, humorous dialogue and great music, The "S" Files is a children's Christmas musical your kids will love performing.
