I especially was happy to have a bit of background about this musical the pictures of the cast members included... It really brought it to life. When I show it to people they 'light up' tell me their experinces.1 of 1 people found the following review helpful. Not the real dealBy The Long RangerYou should be aware that this is neither the soundtrack to the film, nor the score of the Broadway show.This is an abridged, mutilated and transposed piano version of 8 numbers originally from the Broadway musical of the same name.If you want the real deal you will have to spend eighty bucks and get the full score from our friends at Hal Leonard.It nevertheless gets

good marks as an affordable, easy to play sheet music for beginners. 1 of 1 people found the following review helpful.  
The text is a little small but its still the ...By EmilyThe text is a little small but its still the same music from the musical, not the movie! Still the same songs but if singing along they are different from the movie version
