BoringBy ROCKMANWe found this book boring. The author states there are 50 squares of grey, this is not true for all the puzzles. These are just 10x10 basic sudoku puzzles, the grey squares are not much of a variant.

Whips, handcuffs . . . sudoku? When you're in the mood for some masochistic pleasure, this variant of the popular puzzle will satisfy your desires. Each 10x10 grid is divided into ten regions of 5x2. Play like regular sudoku, except using numbers 0-9. Then comes the twist: each sudoku also has five 10-square grey regions to complete a total of 50 squares of grey.
