Really nice guide and artbook By Customer I love this game, I think it's way too underrated, so when I found out about this I had to buy it. It's a really nice guide. It came with an small artbook: great art, different than that of other final fantasies but great nonetheless. Although I bought it used, it was really well preserved. 0 of 0 people found the following review helpful. Great guide By papajimm Very informative.
