Also this is generally a hilarious concept and I love it.

On each page of Finding Jesus, the Son of God is hidden in a crowded scene--from a rock concert to a wedding to a grocery store. The objective for the reader is to "find Jesus" in the detailed illustrations--and it's not always easy, what with Jesus's propensity for walking on water and turning the other cheek! Darkly funny and pleasantly challenging, this interactive children's book for adults makes the perfect gift for believers and skeptics alike.
