**Hal Leonard Corp. : Fingerpicking Standards: 17 Songs Arranged for Solo Guitar in Standard Notation Tablature** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fingerpicking Standards: 17 Songs Arranged for Solo Guitar in Standard Notation Tablature:

21 of 23 people found the following review helpful. Mediocre - Not entirely a waste of money, but close. By Customer There are several things to be aware of if ordering this book. 1) first, it is clearly a beginner's book and is not really for intermediate players at all. 2) all of the songs are in the same couple of keys, G, C, A, even when those keys are not the best for the tune at hand. They were apparently arranged in these keys because they provide a lot open notes which make the playing easier to finger for beginners at the expense of harmony. They just do not always sound very good. The two exceptions, in my opinion, are Moon River and Yesterday. These tunes lay very nicely in the key

of G and both sound pretty good when played in first position with lots of open strings. Unfortunately I can't say this is true for the other tunes in this portfolio. 3) Not all the tunes included are true standards. Can't Help Falling in Love, I just Called to Say I Love You, The Way We Were, Unchained Melody and You Are So Beautiful are nice enough as pop songs, but they are not true standards. They should probably be in a different collection, perhaps Fingerpicking Love Songs, and appear to be included here only as "filler", probably to get the song count up. This collection might be OK for an absolute beginner who just wants to learn a specific melody or two, but will not satisfy an intermediate player who wants solid, correctly harmonized arrangements of 17 true standards. 0 of 0 people found the following review helpful. What I need By Butch Actually still checking it out. I've just started to learn fingerpicking and this book is a good start for me. 0 of 0 people found the following review helpful. Three Stars By Dennis Ok, but wouldn't buy it again.

(Guitar Solo). The arrangements in this book are carefully written for intermediate-level guitarists. Each solo combines melody and harmony in one superb fingerpicking arrangement. The book includes an easy introduction to basic fingerstyle guitar, and these fantastic songs: Can't Help Falling in Love \* Fly Me to the Moon \* Georgia on My Mind \* I Could Write a Book \* I Just Called to Say I Love You \* I've Grown Accustomed to Her Face \* In a Sentimental Mood \* Just the Way You Are \* Misty \* Moon River \* My Favorite Things \* Unchained Melody \* The Way We Were \* What a Wonderful World \* When I Fall in Love \* Yesterday \* You Are So Beautiful.
