I bought it to practice with TABS and learn a few introductions to some Bass lines from music I don't normally play or perform to add a little humor to the band's I play with. Glad I got it..0 of 0 people found the following review helpful. Wish I had it when I just started drummingBy YaroslavIt's a very good book, presenting variety of styles from swing to grunge. Not all the tunes are for beginners, most are for intermediate players, however you can find a really simple ones. Contains high-quality drum transcriptions.0 of 0 people found the following review helpful. Highly recommended for a beginner/noviceBy RayThis book was a good purchase. Tabs are easy to read and are wrotren as if they were on a staff so you can almost feel what should be played. Good variety of songs too. I would recommend this to anyone who plays bass but doesnt know how to read music. If you want to be able to play a few songs quick this isn't a bad option.
