From Hal Leonard : Flute Music by French Composers for Flute and Piano before purchasing it in order to gauge whether or not it would be worth my time, and all praised Flute Music by French Composers for Flute and Piano:

I can't wait to get Faure's Fantasie up to speed! There are a lot of lesser known French composers in this book that are more than worth getting familiar with. There's no Debussy or Ravel, but you'll make a lot of new 'friends' along the way. Nicely printed, and even though I bought used, I received the Flute and the Piano parts. Score! 1 of 1 people found the following review helpful. Want a hard solo and ensemble piece? This is it! By Isabella S. I recently purchased this book to learn some more challenging pieces and when I compared it to the SE list of 2015 the majority of these pieces were on there as level 6's and I am so excited! I am doing Cantabile et Presto and I am in love with it! I recommend this book for people who want a real

challenge that they can work on.0 of 0 people found the following review helpful. Terrific EditionBy Nick KnightGood paper, legible layout, helpful piano fingerings, famous editor, reasonably priced.
