Stephen Rodgers : Form, Program, and Metaphor in the Music of Berlioz before purchasing it in order to gauge whether or not it would be worth my time, and all praised Form, Program, and Metaphor in the Music of Berlioz:

0 of 0 people found the following review helpful. arrive on time. By Florencevery well. good product with high quality. my sister, I will recommend it to my friend. Great looking product, beautifully crafted. Very sharp, good weight, incredible price!

Few aspects of Berlioz's style are more idiosyncratic than his handling of musical form. This book, the first devoted solely to the topic, explores how his formal strategies are related to the poetic and dramatic sentiments that were his very reason for being. Rodgers draws upon Berlioz's ideas about musical representation and on the ideas that would have influenced him, arguing that the relationship between musical and extra-musical narrative in Berlioz's music is best construed as metaphorical rather than literal - 'intimate' but 'indirect' in Berlioz's words. Focusing on a type of varied-repetitive form that Berlioz used to evoke poetic ideas such as mania, obsession, and meditation, the book shows how, far from disregarding form when pushing the limits of musical evocation, Berlioz harnessed its powers to convey these ideas even more vividly.

About the Author Stephen Rodgers is an Assistant Professor of Music Theory at the University of Oregon. He received his Ph.D. from Yale University in 2005. His research focuses on the music of Hector Berlioz but also covers such topics as film music, the intersection of music theory and literary theory, and the music of Fanny Hensel.
