If you love these shows and want to revisit your favorite moments, this is a great way to do it. And at this price you sure can't beat what you get.0 of 0 people found the following review helpful. Fabulous collection of scriptsBy namefunnelThis is a fabulous collection of scripts for four of Sondheim's musicals. I especially like the forward for each script explaining how the writers developed each script. Several shows also include songs that were dropped during the development of the show or during rehearsals or tryouts. As a Broadway fan, I tend to think of these musicals as fixed and complete, and it is enlightening to see the writers treating the material as highly modifiable, and treating songs as expendable if they don't properly advance the story or have the desired effect on the audience.0 of 0 people found the following review helpful. Fine playsBy M. ResnickFine plays, thought of course the music and lyrics are the high light of each.
