Djape : Frame Sudoku: A hybrid between Killer Sudoku and Outside Sudoku (Volume 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Frame Sudoku: A hybrid between Killer Sudoku and Outside Sudoku (Volume 1):

1 of 1 people found the following review helpful. it was fun when the near-impossible became normalBy Paul J.

WerbosHave bought many sudoku books from . (I wonder why I ever bought any from other places. With , you keep track of exactly which ones you already did.) This was one on the high end of what gave me pleasure. It was very frustrating at first, when it was hard to do even "easy" puzzles, but as I started to see the tricks (which are not so strange for ordinary sudoku solvers), it was fun when the near-impossible became normal, and new ways of looking at the puzzles worked in an interesting way. Most oddball variants (like tridoku and stranger stuff) never worked for me, but this worked extremely well. I just wish I had used pencil on my first attempts on the "easy" ones...

A sudoku variants book with Frame Sudoku puzzles: a hybrid between Outside Sudoku and Killer sudoku and a little bit of Kakuro, too! The rules are simple: the clues outside the grid give you the sum of the three nearest numbers. It is up to you to fill in all 81 squares! All other Sudoku rules apply. But wait! In addition to classic (aka "vanilla" flavor) Frame Sudoku, there are 5 more flavors in the same Frame Sudoku format: Odd-Even Frame Sudoku Frame Diagonal Sudoku Frame Consecutive Sudoku Frame Non-Consecutive Sudoku Frame Jigsaw Sudoku The puzzles are rated for difficulty on a standard EASY-COOL-THINKER-BRAIN-IQ scale. Ready?
