For those into classical music the Schirmer's library is probably one of the best ways to access hardcopy classical music. The combo three book set is a great way to have a great collection of scores at your finger tips. The font is clear and reproduced from scanned plates but is done at a very high quality and there is no obvious degradation in quality. I would recommend this to those who want an alternative to IMSLP and a tablet! 3 of 3 people found the

following review helpful. Great collectionBy mshockleGood binding and price. Clear typeset with good spacing for quick sight-reading. Hopefully this newer binding holds up better for these larger volumes than schirmer's traditional cover.0 of 0 people found the following review helpful. Five StarsBy ChrisGood edition, marvelous music.

(Piano Collection). Combines English Suites Book 1 and 2 with the French Suites in a convenient, value-priced edition.
