Gorgeous, but...By AshesThe style of these cards are really lovely, but you do not get 100 different cards, you get four sets of twenty five styles, I believe. I give the product 2 stars for pretty designs, and it looks nice on my shelf, but it isn't at all functional. I would frame these, possibly, but I think they would shred in the mail. A single piece of printer paper folded over three times is a little more sturdy than

this cardstock. I will be buying blank cards to paste onto the back if I want to send them out in the mail. My fault for pre-ordering an item with no reviews, but maybe they will be useful for scrapbooking or some other activity. Certainly not for what I wanted... which is their intended purpose. 25 of 26 people found the following review helpful. Ugh! By fat lee adama I agree with the other two reviewers. These postcards pale in comparison to any other proper postcard. The paper is extremely cheap and flimsy that they probably wouldn't survive an international route, let alone a domestic one. To be fair, the designs are lovely (if you like loopy cursive), but you only get a variety of 25. I still can't get over the horrible choice of such thin paper. I would return this, but I bought it as a gift and the recipient didn't mind the quality since she said she wouldn't be mailing them (arts and crafts projects instead). So, if you're on the hunt for interesting postcards, don't bother buying these. You'll just be really disappointed. Get the Penguin Postcard boxset instead. Now those are AWESOME. 3 of 3 people found the following review helpful. After reading all the sad reviews, I almost didn't buy these postcards. By Elizabeth M. After reading all the sad reviews, I almost didn't buy these postcards... But in the end, my love of Jane Austen triumphed. I am SO glad I listened to my gut and bought these!! Yes, they are a little thinner than postcards in the supermarkets but it's still thicker than other postcards I've ordered online. They will make it through the mail system just fine. The box is classy. The quotes are FABULOUS. I love that there are 4 of each so that I can send and still save one for myself. My only regret is that I opened the box right before I had to leave for work, expecting to be underwhelmed, only to be delighted but with no time to savor the rewards at the moment.

For Jane Austen fans who treasure the art of correspondence, an elegant keepsake box filled with 100 postcards featuring the ubiquitous wit of Austen's sentiments, to mail to loved ones, frame as a set, or pin to an inspiration board. Expect a most agreeable letter, for having nothing at all to say, there shall be no check to my genius from beginning to end. Jane Austen's bustling life rarely left her without news to share, but even in those spare moments with nothing to pen, her incandescent wit manages to shine throughout her letters. Collected from her extensive collection of personal correspondence, this box contains 100 postcards featuring 25 of her most beloved witticisms (reproduced 4 times). Housed in a beautifully designed keepsake box, this set of postcards makes a thoughtful gift for any Austen lover.
