Carole M. Kirschner : Hollywood Game Plan: How to Land a Job in Film, TV and Digital Entertainment
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Hollywood Game Plan: How to Land a Job in Film, TV and Digital Entertainment:

1 of 1 people found the following review helpful. A must read for anyone trying to break in - and willing to work for it. By Betomy only frustration is that I didn't find this book on my first day in Los Angeles. "Hollywood Game Plan"

should be mandatory reading to anyone trying to get their first job in Hollywood - from film students to writers to directors to producers to... pretty much anyone eyeing a career in the film and TV business. "Hollywood Game Plan" is not a get-rich-quick-without-effort book. It's a book for people who have a passion and want to work hard on their way up. It's a solid battle plan for those looking for their first jobs in the industry. It teaches you how to prepare for meetings, what people are looking for when they show interest in hiring you, and practical steps and exercises towards being employed in a highly competitive industry. I'm a writer, and the advice in this book was invaluable. I've been recommending it to many of my friends who are trying to break in as writers, actors, or producers. If you're looking for a get rich quick guide, go look somewhere else. If you're looking for actual professional advice, read this book. 0 of 0 people found the following review helpful. Simple and Insightful By Simple and Insightful I very much enjoyed this book. Carole Kirschner describes how to break into the competitive Hollywood film industry by using her experiences and many of her colleagues to create an outline for anyone who is seeking a career inside the industry. Many "How to enter Hollywood" books usually focus on how to become one of the big 4 (director, producer, writer or studio exec). This book gives a very good description on how to enter almost any facet of the industry. Something I found very helpful was that at the end of every chapter Carole gives you homework to do that is related to the chapter you just read. This homework is given with the hope of preparing you even more for your Hollywood career. The book is written in a very easy to read fashion and is full of advice that I never even thought to ask about. I would highly recommend this book to anyone considering a career in this industry. 0 of 0 people found the following review helpful. A must read if you're trying to make it in the industry By Customer I am a student from the east coast who moved out to LA to take classes and intern in the entertainment industry. My professor swears by this book and assigns it to his class every semester. From learning about how to impress a boss to finding a place to live in Los Angeles, this book is extremely helpful in finding your place in the entertainment industry. It's an extremely easy read and Carole Kirschner gives a lot of simple yet effective tips on how to make yourself stand out to employers. I just started my internship in Hollywood last week and I'm really glad I read this book beforehand. I will definitely refer to this book for the rest of my career!

Hollywood Game Plan is an in-depth, how-to guide for aspiring Hollywood hopefuls. It provides a concrete, step-by-step strategy to land a job in the entertainment industry. It is the first book to provide insights and advice from both sides of the spectrum: seasoned professionals with decades-long success and wisdom, and up-and-coming professionals who were pounding the pavement just a few years ago and share the up-to-the minute strategies that helped them land their first jobs.
