6 of 6 people found the following review helpful. Old time HollywoodBy J. C.Read about the juicy tidbits of the stars' lives. For example, Jerry Lewis's wife told the author, Shelia Graham, that the secret of their happy marriage was, "We never allow Jerry Lewis into the house." She meant the show business side of him. Soon after that they got divorced. There is a chapter on "Children of Hollywood." The daughter of Gene Kelly is now a psychiatrist. Shelley Winters' daughter Tory changed her name because she hated anything connected with Hollywood. These are all personal anecdotes of the author's life as a gossip columnist in Hollywood. There are some parts about F Scott Fitzgerald, just a bit though.
