The author, Kevin Brownlow, is a renowned authority on the silent era, and it shows in this book. Filled with terrific photos and amazing stories, this book brings the early days of Hollywood to life in a way that will make you feel like you experienced it first hand.If you enjoy this book, I would also recommend Brownlow's more in-depth look at the same period, *The Parade's Gone By...* - both that book and this one are two of my absolute favorites about the silent era.Quite honestly, any book by Kevin Brownlow is worth reading.1 of 1 people found the following review helpful. Silent film, Mary Pickford, D.W. Griffith, Cecil B. DeMilleBy M.T. FisherBrownlow is always fascinating. His series on early Hollywood is a must, and if one looks hard enough, you can find it. This follow-up book is a devouring read for any fans of early Hollywood, especially the silent era. Enjoy, and like me, you'll find yourself wishing you were there.0 of 0 people found the following review helpful. A Rare FindBy Matthew MalachAmazing book with stunningly rare photographs and priceless eyewitness stories of cinema's early days.

If you're a pre-talking picture Hollywood movie buff, this book is for you! Here is the sudden emergence of a film colony and the personalities that formed the early film industry, cameramen, directors, stars. A history of the beginning

days of movie making in Hollywood, focusing on the great actors like Keaton, Chaplin Fairbanks the great directors like Griffith Raoul Walsh. Alive with the excitement of the old Hollywood, peppered with vivid cinematic and social recollections never before on record, illustrated with 300 rare photos - stills, on-the-set shots, portraits, most of them published here for the first time and reproduced from the original negatives or prints - this is a unique film history, the result of a unique collaboration.
