This book is funny, but if you're having a real problem dealing with your "Jewish mother" and want peaceful ideas on how to cope, this is NOT the book for you. If you just want to read something kinda funny, go for it. If, however, you are tired of your mother (or father) using the

guilt tactics on you, you should try "Toxic Parents" or "Children of the Self Absorbed". These books offer constructive ways to actually get over emotional abuse. I know there is a small chance that you searched for this book looking for actual help, but just in case, I hope I gave you some constructive options. 0 of 0 people found the following review helpful. A Survival Manual Like No Other By Ruth Bolletino If you gasped with recognition at the cover illustration showing two tortured chicken feet sticking up from hot soup, this book is for you. Even though, for various reasons, I never had a Bar Mitzvah, Steve Arnold's entire book resonates all too strongly, bringing back many of my own memories. Notable among them is the statement "I just want you to remember that you have a mother!" How could I forget? How could anyone? But I, too, survived - at a cost. Not infrequently I have to bite my tongue to refrain from saying to clients, even to strangers, "You should eat more!" Buy this book already. It is guaranteed to awaken your own memories - whether you welcome them or not. Besides, laughing out loud is good for you. 0 of 0 people found the following review helpful. Keep away from youngsters By Arseny Ratmansky As funny as this book is, it is not really suitable for elementary school aged children. My niece got a hold of it and the questions followed. Otherwise - great book.

The great American novel. Destined to become a classic. My son, the author, is a genius. - Anonymous  
HERE IS WHAT OTHERS ARE SAYING ABOUT THIS BOOK... \* This book makes the Oedipus Complex seem like puppy love. - Sigmund Freud \* The best self-help book I have read since FINAL EXIT. - Dr. Killvorkian \* Reading this book could give a non-Jewish mother an inferiority complex. - Mother Superior \* Outside of a French poodle, this book is a Jewish Child's best friend. Inside of a French poodle, it's too dark to read. - Grouchy Marx \* The Mother of all books. - Sadman Hussein
