Having a synopsis for your screenplay is one of the essential marketing tools a screenwriter uses to obtain an agent, manager, or producer. Learning to write an effective synopsis is often cumbersome and a screenwriter is thrown to wolves. The book also contains information on developing a beat sheet. With this book, you no longer have to guess on how to write a synopsis or how to format it. Dr. Melissa Caudle, producer and screenwriter, provides a comprehensive look on developing a synopsis. Included in the book is the cult classic short **THE KEYSTROKE**

**KILLER.** This is book three in a four-part book series for screenwriters. Reality show creators will find it useful too. Learn from the best. A must have for your screenwriting resource library.
