Zak Bagans, Kelly Crigger : I am Haunted: Living Life Through the Dead before purchasing it in order to gage whether or not it would be worth my time, and all praised I am Haunted: Living Life Through the Dead:

Zak talks about what goes on behind the scenes and everything that goes into making an episode. It's fascinating and well-written. I'm not sure I believe everything that Zak believes about God and the afterlife, but I do believe that he has had significant life-changing experiences with the

paranormal. I love his sense of humor throughout most of the book. But I thought that he should have cut completely the chapter about the airplane bathroom incident. It was irrelevant and unnecessary, and really only made Zak seem insecure. I was also a little put off by Zak's blatant omission of Nick Groff in the chapter that named his closest friends and "family". I know Nick's not with the show anymore, but could there be some bad blood involved in his leaving? Nevertheless, I found it a very entertaining book, much better than his first, *Dark World*. 1 of 1 people found the following review helpful. Interesting read. By Alexis Joanna Nagy Pushing the ego aside, Bagans raises some interesting questions about the realm of the afterlife. Bagans weaves an insightful journey of his personal life as a TV personality/real life ghostbuster and occasionally inspires reflective thought on some of the deeper and darker areas surrounding the world of the paranormal. I give this book 4/5 simply because I feel a distinctive conclusion is missing. Apart from that it is interesting to explore this topic through the prism of fame and deadlines. Mixed in with a few crazy fan girls/spirits and you'll likely find yourself giggling at some of the antics described in this book. A great read for the secret armchair paranormal investigator in all of us! 2 of 2 people found the following review helpful. This book is a treasure. By Sofia I sincerely enjoyed reading this book. To be fair, it's probably for people who are already familiar with Zak Bagans and his work on *Ghost Adventures*. Understanding his personality definitely makes this read more enjoyable. Admittedly, there doesn't seem to be much rhyme or reason to the order of the chapters or their content, but it is definitely an interesting read nonetheless. Chapter 33 is worth the price of admission alone. Just trust me.

Paranormal investigator Zak Bagans has traveled all over the world, seeking answers to life's deepest and most terrifying mysteries. What happens when we die? Why do some spirits move on while others remain stuck in some sort of in-between place? What do the spirits really want from us? Zak has dedicated his life to finding out the truth. He has bought a demon house in Indiana that has been described as a portal to hell, summoned the devil at the Hellfire Club in Ireland, and been attacked by a possessed doll in Mexico. But sometimes it's his interactions with the living that rattle him the most, from innocent people harboring evil spirits to crazed fans to the victims of violent spirit attacks. Through his investigations of the world's most haunted places, Zak has learned far more about the living and the dead than anyone should. He's been to the edge of death and back and come away with a spiritual key that unlocks doors to another world that few have ever seen. Come along for the ride.
