I Heart This Script!By KimberlyI have a somewhat newfound desire to write scripts, so I decided to buy a couple shooting scripts for movies that I really like. In this one, in addition to the shooting script, it includes an Introduction by Writer/Director David O. Russell, QA with David O. Russell, Production Notes about the making of the film a section of photos. I personally don't care about the photos as much because I'm more interested in getting the behind-the-scenes tidbits in the Introduction, QA Production Notes.You can find almost any script online, but I wanted to have it in book form so I could study it, take notes in the margins, highlight sections generally mark it all up (nope this absolutely won't be resaleable after I'm done with it!). But these extra sections (Introduction, Writer/Director QA, Production Notes) really make it worth buying.So after buying this

shooting script the one for "Little Miss Sunshine", I've recently gone on a bit of a tear buying maybe 10 more! One thing to note is that not all of the Newmarket Press shooting scripts have these extras not all of them have the option to "Look Inside" on , so you might need to read the descriptions carefully go through reviews to see if they are mentioned.I haven't received it in the mail yet, but if I'm remembering correctly, another reviewer said the "Juno" shooting script book didn't have anything extra. And, like this reviewer, because my first couple shooting script books from Newmarket did, I would have assumed they all did. So, for me, I'm willing to pay a little less if it's just the script since at that point, I'm just paying for the script (that I can find for free online) to be bound into book form. But, again, I just bought 10 different ones, so I think I'm loving being able to curl up in a comfy chair to read them, highlight them make my notes. Highly recommended!0 of 0 people found the following review helpful. The eagerly awaited film from the director of Three Kings, an "existential comedy" starring Dustin Hoffman, Isabelle Huppert, Jude Law, Jason Schwartzman, Lily Tomlin, Mark Wahlberg, and Naomi Watts.Albert Markovski (Jason Schwartzman), head of the Open Spaces Coalition, has been experiencing an alarming series of coincidences, the meaning of which escapes him. With the help of two Existential Detectives, Bernard and Vivian Jaffe (Dustin Hoffman and Lily Tomlin), Albert examines his life, his relationships, and his conflict with Brad Stand (Jude Law), an executive climbing the corporate ladder at Huckabees, a popular chain of retail superstores.When Brad also hires the detectives, they dig deep into his seemingly perfect life and his relationship with his spokesmodel girlfriend, the voice of Huckabees, Dawn Campbell (Naomi Watts). Albert pairs up with rebel firefighter Tommy Corn (Mark Wahlberg) to take matters into their own hands under the guidance of the Jaffes' nemesis, the French radical Caterine Vauban (Isabelle Huppert).The Newmarket Shooting Script book includes the complete original screenplay, a Q A with director David O. Russell, film stills, and complete cast and crew credits.
