I felt as though I was reading my own autobiography because I related to Lorraine so much. The perfect book for a 20-something single struggling with dating. It's funny and sad but leaves you extremely hopeful. It is also comforting to hear that I'm not the only one experiencing these struggles. Will definitely be passing this book around with my friends.0 of 0 people found the following review helpful. If you are looking for a great summer readBy

Lorraine Dagnall If you are looking for a great summer read, "I'm a Catch... Aren't I?", is it! This is a book that will be passed from friend to friend with the words, "You HAVE to read this!" A witty, touching debut book full of emotional truths. Women everywhere will relate to Lorraine's tales of unrequited love. You will laugh. You will cry. Lorraine takes you on an emotional journey right into the world of dating in the 21st century. While you can sense her chagrin as she weaves her story, in the end, Lorraine knows her "Mr. Right" is out there somewhere... 0 of 0 people found the following review helpful. Poolside Perfection By Rainy This book is charming, witty, and can easily be labeled as a perfect poolside read. If you've ever been puzzled by an almost romance you will at least have the guarantee of falling in love with this book.

Tales of love lost - or perhaps, more accurately, love never gained. *I'm a Catch... Aren't I?* explores one woman's steep and confusing climb to the peak of "single ladies mountain." As she weathers this arduous journey, she becomes all-too-familiar with perplexing predicaments, missed opportunities, cloudy self-doubt, and the fear of the unknown. She revisits the most influential men of her past - the guys she almost loved... and definitely lost. These are the men who have kept her hiking up single ladies' mountain instead of frolicking upon happily-ever-after hilltop. From Justin, her first crush and the rock star of the eighth grade, to Demetrius, her Grecian love affair and the tallest all-star athlete in college, the men are eclectic, but have one crucial thing in common: they never became her boyfriend. *I'm a Catch... Aren't I?* attempts to answer the questions most women today ask themselves. Is it us, or is it them? Why do bad guys happen to good girls? Why doesn't anything ever seem to work out? The author uses her own experiences in an attempt to make sense of the emotional roller coaster of the dating world, and the frustration of longing for guys who lead girls on just to leave them hanging.

About the Author Lorraine Cambria is a writer living in Westfield, New Jersey. When she's not in New Jersey, she's most likely to be found at her home in East Hampton, New York, trying to befriend Ina Garten. She studied at New York University. It was there that she first realized her dream to be an author and received an award for excellence in French, which made her wonder if she should've chosen another dream like living in Paris with a French Duke. But her love of writing was too overpowering, and after one-too-many quirky experiences in love and lust, she was inspired to write her first book.
