Conor McPherson : I Went Down (Nick Hern Books) before purchasing it in order to gauge whether or not it would be worth my time, and all praised I Went Down (Nick Hern Books):

3 of 3 people found the following review helpful. Brilliant- a real treat By Elise A big fan of the film "I Went Down", I was very excited to find that the screenplay had been published. It did not disappoint. I found myself laughing aloud while reading Conor McPherson's rich, deep, and hilarious dialogue. This book is wonderful because it doesn't have the pretentious attitude so many published screenplays have. I love that it includes many rare pictures from the film, an interesting review of the script's evolution, an interview with the filmmakers, and cut scenes that lead to a deeper understanding of the characters. So much fun.

The movie tie-in edition of the newest work by renowned Irish playwright Conor McPherson.
