I have never read any of her works. I have watch Betty for years, enjoyed her work, but never realized who Betty White really is.I(after watching Golden Girls for years, plus reruns more than once) relate Betty White to "Rose".I became a facebook fan because of the Hot in Cleveland. I have

watched each show three times. There is so many funny spots, I love to watch and laugh. I am so much like Betty White in beliefs and feelings. I found this to be true in her book. I read the book in two days and have friends asking to borrow it! I advise anyone that admires Betty White to read the book. She is quite a special lady. I do not use the word "Lady" loosely. She is well rounded - loves her family, her work and animals. I relate to the animals because I have a family of 4 dachshunds, 7 cats and 1 pit bull (all have rescue stories. Kids as loved children. The title of the book is excellent! 0 of 0 people found the following review helpful. A VERY GOOD BOOK By Priscilla Sappenfield I enjoyed reading this very funny book and loaned it to friends. With the election, killings and terrible news on TV, this book was a God send to me. Thanks for having it available for me. 2 of 2 people found the following review helpful. If you are a Betty fan you will enjoy this By Michael I bought this for my mother but ending up reading the entire thing before giving it to her! Who doesn't love Betty? This book is as charming as the classy lady. However, this is light reading and doesn't dig too deeply into the many topics of her recent life that it touches upon. I found myself wishing for at least a few more pages of certain chapters, not looking for dirt, just a bit of a deeper insight. It is what it is and if you love Betty White you will enjoy this book.

The New York Times bestseller from the beloved actress and Hollywood icon who's made us laugh on shows from The Mary Tyler Moore Show to Golden Girls to Saturday Night Live! In this candid take on everything from the unglamorous reality behind red-carpet affairs to her beauty regimen (I have no idea what color my hair is, and I never intend to find out), Betty White shares her observations about life, celebrity, and love (for humans and animals). Filled with photos, *If You Ask Me* is funny, sweet, and straight to the point just like Betty.

Reads like a chat with the beloved star. The Denver Post A breezy patchwork of musings on aging, acting, poker (she plays a monthly game) and pet ownership.
