Great book, especially for those with sense of humorBy Deb SI bought this book for my aunt and uncle that are starting to gett a little older (close to 70). I actually read it first since I am now mid 50's. The humor in the book is great, and I think everyone should take time in their day to pause and read this wonderful book. We all need humor in our day-to-day life. I highly recommend this book, especially to anyone 50 or older...

Here are quips and jokes for that vast half of humanity that is on the inevitable road to aging and knows that sharing laughter with friends is one of the best ways to live until you die. Samplings: When did my wild oats turn to prunes and All-Bran? Happy hour is naptime now. I finally got all of my stuff together and now I can't remember where I put it. Carol Lynn Pearson is the author of over forty books and plays, including The Lesson and What Love Is. She lives in Walnut Creek, California.
