0 of 0 people found the following review helpful. Five StarsBy Sarah YohoWonderful book!! My Mom loved it and she is a die hard fan of the factory books!!1 of 1 people found the following review helpful. Purchased as a gift.

Arrived quickly and exactly as ...By Mike BrownPurchased as a gift. Arrived quickly and exactly as advertised. Thanks!0 of 1 people found the following review helpful. Great.. more about chocolateBy dougGreat.. more about chocolate, then the movie

Celebrate the 50 years of Charlie and the Chocolate Factory with this scrumdiddlyumptious book about the iconic novel and author!Inside Charlies Chocolate Factory explores the unique appeal and lasting cultural impact of Roald Dahls beloved classic. This non-fiction book looks at the development of the original story and charaters, its social history, and the varying film and stage adaptations. With never-before-seen material from the archives, full-color photos and illustrations throughout, and quotes from Roald Dahl enthusiasts this gorgeously produced gift book is a great way for fans to celebrate Charlie, Wonka, and Roald Dahl!

From School Library JournalGr 6 Up In time for the 50th anniversary of Roald Dahl's classic, this work takes an in-depth look at the origins of the iconic tale of Charlie and his golden ticket. In an almost-scholarly tone, each chapter covers a distinct topic, such as the British author's inspiration for the beloved title, the book's impact on popular culture, and comparisons among and the reception of the various film and stage adaptations. Part biography, part history, Managan's work explores Dahl's tragic family history and relationships with the editors and illustrators that helped him bring his iconic story to life. Especially interesting is the discussion of the initial critical reactions (even mostly harsh ones from the librarian community), because of Charlie and the Chocolate Factory's irreverent humor and hard honest look at the flaws of the human character. Kids might be turned off by the nostalgic sensibility of the text and the sometimes over-the-top (and corny) jokes, but this title will especially strike a chord with fans of Dahl's work, students of classic children's literature, and those interested in the early days of modern publishing. The thorough back matter, including archival, full-color photos; extensive bibliography and further reading lists; delightful illustrations and reproductions; and quotations from those intimately connected with the various iterations, make this a stand-out title for creative writing, English, popular culture, film, and kid lit courses. Especially useful for making comparisons across media, this book ensures that Dahl's legacy will endure as long as an everlasting gobstopper.Shelley Diaz, School Library Journal Praise forInside Charlie's Chocolate FactoryThis thoughtful critique of an enduring classic combines elements of biography, the creative process, literary and film analyses, and social commentary, and it should appeal to a wide audience of fans. BooklistThis title will especially strike a chord with fans of Dahls work, students of classic childrens literature, and those interested in the early days of modern publishingthis book ensures that Dahl's legacy will endure as long as an everlasting gobstopper. SLJAn effusive celebration of Roald Dahl's Charlie and the Chocolate Factory on its 50th anniversary. Kirkus sAbout the AuthorLucy Mangan is a journalist and columnist.
