Keith Evans : Internet Joke Book (Internet Joke Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Internet Joke Book (Internet Joke Books):

The Internet Joke Book - Volume Three is a collection of newfangled jokes, idiosyncratic stories, and scintillating satire gathered from throughout the United States and abroad. This book is composed of even more hilarious jokes of

old and new. Various content may not be appropriate for younger readers.

About the Author I was born in Oxfordshire England, though I am not of British descent, and moved to the United States with my family when I was young. My father was a member in the Armed Forces. Likewise, becoming of age, I, too, enlisted into the Armed Forces. Traveling extensively, I have had the opportunity to see many achievements-the good, and the not so good. Being a single parent and father to my seventeen, going on eighteen-year-old daughter, Angila, I have never been one much for writing, and never would have, if it hadn't been for her inspiration. I now dedicate most of my time to my daughter, our business, and as much time as I can to my writings, and yes, in that order! I always make time for my daughter, as I feel all parents should with their children.
