**Keith Evans : Internet Joke Book - Volume Two** before purchasing it in order to gage whether or not it would be worth my time, and all praised Internet Joke Book - Volume Two:

This book is composed of fresh jokes, bizarre stories and witty satire collected from throughout the United States and

abroad. This, Internet Joke Book- Volume Two, contains, yet even more sidesplitting witticisms of old and new. Various contents may not be suitable for younger readers.

About the Author I was born in Oxfordshire England and moved to the United States with my family when I was very young. I'm not of British descent. My father was a member of the Armed Forces. Likewise, becoming of age, I, too, enlisted into the Armed Forces. Traveling extensively, I have had the opportunity see many achievements - the good, and the not so good. I'm a single parent and father to my seventeen- year-old daughter, Angila. I have never been one much for writing, and never would have, if it hadn't been for her inspiration. I dedicate most of my time to our business, and as much time as I can to my writings. Be that as it may, I always make time for my daughter.
