From Brand: Temple University Press : Inventing Vietnam: The War in Film and Television (Culture And The Moving Image) before purchasing it in order to gage whether or not it would be worth my time, and all praised Inventing Vietnam: The War in Film and Television (Culture And The Moving Image):

The Vietnam War has been depicted by every available medium, each presenting a message, an agenda, of what the filmmakers and producers choose to project about America's involvement in Southeast Asia. This collection of essays analyzes the themes, modes, and stylistic strategies seen in a broad range of films and television programs.

From the Publisher
Testimony of the unique relationship between the U.S.-Vietnam War and the images and sounds that have been employed to represent it
