My own very particular interest is in those alliterative introductory phrases that are the stock in trade of any music hall chairman, and this guide has an abundance of those. Kilgarriff sets the scene for learning the chairman's craft, with enough master recipes to try the skills and know how of any would-be practitioner. I'm a relative novice in the business but think that this 'cook book' will be good to work with. Enough written!

Van AndaThis book is just what is needed to enable someone to competently run an English Music Hall performance. Being the Chairman (MC) is the most important part of the show, and this book tells everything that an aspiring Chairman needs to do the job. We put a show on last summer and had such success that we are doing it again. It is the absolute BEST fun for audience and performers!
