From Austrian Film Museum : James Benning (Austrian Film Museum Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised James Benning (Austrian Film Museum Books):

James Benning has produced films that defy categories. They echo the major directions of the avant-garde tradition since 1945, including structural film and the "New Narrative" movement. This volume traces Benning's artistic career as well as his biographical journey through the United States.
