**James Cameron : James Cameron's Titanic. James Cameron, Ed W. Marsh** before purchasing it in order to gage whether or not it would be worth my time, and all praised James Cameron's Titanic. James Cameron, Ed W. Marsh:

"James Cameron's Titanic" chronicles a master storyteller's cinematic re-creation of one of the most vividly remembered disasters of the modern era. This new expanded Collector's edition, published to coincide with the film's 3D re-release to cinemas, includes a new Intro by Cameron, and never-before-seen images from the film studio and from Cameron's personal archive.
