Following last year's successful debut, here s the second annual book plus DVD directory documenting the work of 100 of the best motion graphic artists in Japan. Whether you re an art director looking for the greatest people to work with, an animator, a student of motion graphics or just someone who wants to know what's on the cutting edge in this fast-moving field, this yearbook collects some of the freshest creativity in VJ, Promotion Video, Animation, Interactive, Video Art and Documentary. Each of the 100 artists profiled includes full contact information, a capsule biography, preferred software, stills and, on the DVD, short samples of work. A fabulous reference tool and source of inspiration.
