**Jean-Paul Sartre : Jeux Sont Faits (20th Century Texts, French)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Jeux Sont Faits (20th Century Texts, French):

0 of 0 people found the following review helpful. Decent purchaseBy K.ToThe book arrived earlier than expected which was awesome. It was in pretty good condition-just slightly bent in half but otherwise, I was satisfied with my purchase.0 of 0 people found the following review helpful. A love story with lots of plot twistsBy ThirstyBrooksSartre's trademark approach means no one gets what they expect. He uses it to great effect in this story about life after death. Scenes are set briefly, sometimes with stylistic commentary that makes it seem the book was written as a screenplay.The action in this story easily holds the reader's interest throughout, and the spare use of description means the book is accessible to those of us with only a modest French vocabulary.It's hard to say much more without spoiling the story.

A penetrating introductory discussion of Sartre's philosophy as it is illustrated in his plays and novels.
