If you like scary jokes, jokes from around the world, animal jokes, school jokes, or any others, this book has it all. There are even stickers that come with it! There are also spaces where you can write down personal information, your favorite jokes, your favorite websites, and much, much more!!! I've been on the site that interacts with the book, and I have downloaded more pages of funnies for my book. I got this book as a present, and you should ask for one too! 1 of 1 people found the following review helpful. Fantastic Funnies By Kristen In this great little book, there are jokes galore! Any type of joke that might hit your funny bone is in here. There are sections that divide this book with different types of jokes. There are cute stickers too! and I have downloaded pages to put in my book. There are new pages that you can print for your book since new jokes are put on the site periodically. I got this book for a present, and I love it! I think that you should ask for one too!
