Kurt Cobain : Journals before purchasing it in order to gage whether or not it would be worth my time, and all praised Journals:

The lyrics notebook and personal journals of Kurt Cobain, iconic singer of the band Nirvana. Kurt Cobain filled dozens of notebooks with lyrics, drawings, and writings about his plans for Nirvana and his thoughts about fame, the state of music, and the people who bought and sold him and his music. His journals reveal an artist who loved music, who knew the history of rock, and who was determined to define his place in that history. Here is a mesmerizing, incomparable portrait of the most influential musician of his time.
