I have an Echo and I shout out things to her every now and then about what I need but having an actual list to go to the store wBy Amy RuthI live and die by this thing. I have an Echo and I shout out things to her every now and then about what I need but having an actual list to go to the store with is way better than having to dig out my stupid phone and check my Echo's list. Plus, the pre-made list format helps me remember things.0 of 0 people found the following review helpful. Otherwise we might forget to pick up veggiesBy Michele Good-HansonWe bought this originally in a store, and we got this replacement pad on . We love this shopping list because it helps us think of the things we'd otherwise forget and it has a strong magnet for the fridge. The pad appears to come from the same company as the original--that is to say, it doesn't seem like a knock-off to me.0 of 0 people found the following review helpful. Great Gift IdeaBy Normal Average ConsumerThese are so NICE! I actually bought several for girlfriends for gifts. Handy as can be for those of us that hate using the very nice but

inconvenient apps on our phones. Sometimes OLD SCHOOL is best!
