The sticky notes are the same size as your average sticky notes: 3"x3". I had expected a slightly larger product so you don't have to pull out the glasses to read the text or fill it out - than again, maybe that's the point... It keeps the message short and sweet :)0 of 0 people found the following review helpful. Yay for Complaining!By Sweetpeal work in an open floor plan office and these things are awesome for telling people they are talking too loud, clicking too much, not pulling their weight or otherwise being irritating.0 of 0 people found the following review helpful. Hilarious!By Elizabeth Michael WoodsHilarious! My mom loved these! They're funny and cheap, prefect for a gift or white elephant gift. Rebuying these again.
