Fun Idea to Tell Someone How Much You Appreciate ThemBy J. W. SnyderAnother neat book by these guys. Got this for my wife to explain how much I love her. She got me the more romantic one about love so I bought this one and just updated/changed some of the pages to be more romantic.Nice, inexpensive gift that is a lot of fun. I guarantee the person who gets it will enjoy it, and there is always the "rediscovery" of finding it and rereading it while remembering the person who made it for you.0 of 0 people found the following review helpful. Great tool to help with relationshipsBy HeatherI bought this book to help my husband out for Valentine's Day (men don't do so well with words). Very glad that I did. It's a wonderful way to have a constant reminder you can actually hold in your hand and read, of how special someone thinks you are! Would make a great gift to fill out and give to a friend or loved one!
